ALL ROUND 23 L

COMET 111

[MK111]

NEVER SO FAST

- 1110mm length
- Full high modulus carbon
- Aluminum 6082 fuselage
- Multi profile three stage front wing
- Minimum hydrodynamic drag

Comet 111 mast [MM111]
Mast compatible with all fuselages

Stabilizer [MS380A]
Span: 380mm
Root chord: 60mm
Aspect ratio: 7.8

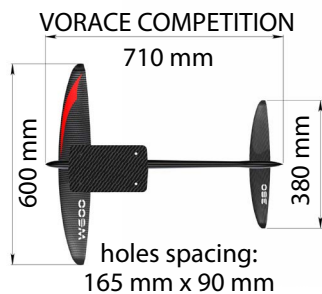

Fuselage [MVF680]
Fuselage is compatible with all masts
Aluminum 6082
High rigidity and stiffness

Front wing [MW600A]
Span: 600mm
Root chord: 98.5mm
Aspect ratio: 7.8

* Technical data is subject to change due to continued research and development.

VORACE 101

- 1010mm length
- Aluminum 6082 fuselage
- High modulus carbon
- Fast and stable
- World top seller

VORACE SPORT
[MK101S]
FREERIDE CHOICE

VORACE COMPETITION
[MK101C]
PERFORMING CHOICE

Vorace 101 mast [MM101]

Mast compatible with all fuselages

Stabilizer [MS330]

Span: 330mm

Root chord: 80mm

Aspect ratio: 4.3

Stabilizer [MS380]

Span: 380mm

Root chord: 80mm

Aspect ratio: 7.8

Fuselage [MVF680]

Fuselage is compatible with all masts

Aluminum 6082

High rigidity and stiffness

Front wing [MW600]

Span: 600mm

Root chord: 98.5mm

Aspect ratio: 7.8

Front wing [MW558]

Span: 558mm

Root chord: 120mm

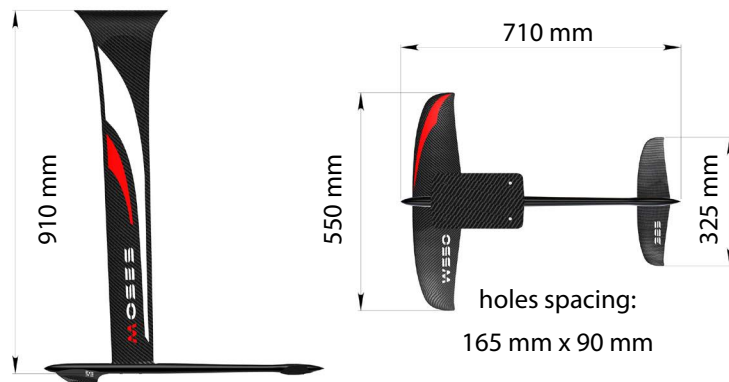

Aspect ratio: 6.3

FLUENTE 91

[MK091]

THE FREESTYLE WAVE

- 910mm length
- Aluminum 6082 fuselage
- Full carbon
- Agile
- Freestyle / Freeride / Wave

Fluente 91 mast [MM091]
Mast compatible with all fuselages

Stabilizer [MS325]
Span: 325mm
Root chord: 83mm
Aspect ratio: 4.3

Fuselage [MVF680]
Fuselage is compatible with all masts
Aluminum 6082
High rigidity and stiffness

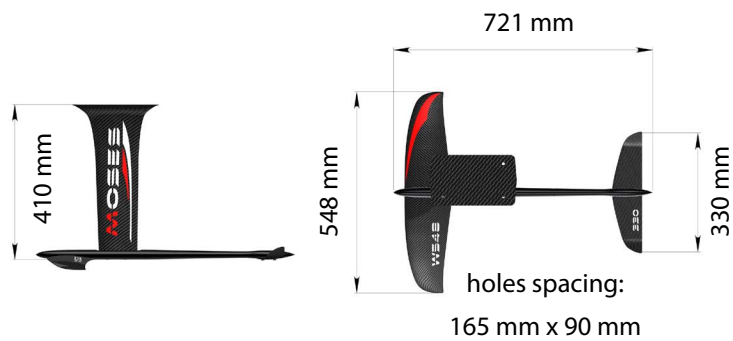

Front wing [MW550]
Span: 550mm
Root chord: 120mm
Aspect ratio: 6.3

EASY 41

[MK041]

YOUR FIRST TAKE OFF

- 410mm length
- Aluminum 6082 fuselage
- Carbon fiber
- High lift front wing
- One hour foiling
- Beginners / Shallow water

Easy 41 mast [MM041]

Mast compatible with all fuselages

Stabilizer [MS330]

Span: 330mm

Root chord: 80mm

Aspect ratio: 4.3

Fuselage [MVF680]

Fuselage is compatible with all masts

Aluminum 6082

High rigidity and stiffness

Front wing [MW548]

Span: 548mm

Root chord: 120mm

Aspect ratio: 6.3

COMET BOARD

[MT090]

THE ITALIAN RACE BOARD!

- Full carbon
- High thickness
- Moses footstraps included

* Technical data is subject to change due to continued research and development.

[MT060]

T60 BOARD

THE MODERN FREERIDE

- Carbon fiber
- Narrow design
- All round
- Moses footstraps included

* Technical data is subject to change due to continued research and development.

KITS & SPARE PARTS

CODE	DESCRIPTION
MK111	Kit Comet 111 
MK101C	Kit Vorace 101 Competition 
MK101S	Kit Vorace 101 Sport 
MK091	Kit Fluente 91 
MK041	Kit Easy 41 
MT090	Comet board(straps and screws included) 
MT060	T60 Board(straps and screws included) 
MT40GRM	T40 Board(straps and screws included) 

CODE	DESCRIPTION
MVF680	Fuselage 
MM111	Mast Comet 111 
MM101	Mast Vorace 101 
MM091	Mast Fluente 91 
MM071	Mast Short 71 
MM041	Mast Easy 41 
MW600A	Front wing W600 
MW600	Front wing W 600 

CODE	DESCRIPTION
MW558	Front wing W 558 
MW550	Front wing W 550 
MW548	Front wing W 548 
MS380A	Stabilizer 380 
MS380	Stabilizer 380 
MS330	Stabilizer 330 
MS325	Stabilizer 325 

CODE	DESCRIPTION
MA001	Footstraps 
MA002	Wings cover 
MA003	Wings and Mast covers Comet 111 and Vorace 101 
MA004	Wings and Mast covers Fluente 91 
MA005	Board bag 
MA008	Mast bag 
MA010	T-shirt 
MA015	Hat 

CODE	DESCRIPTION
MHW002	Button head bushing M6x10mm 
MH004	Button head screws M6x80mm + washers 
MH005	Button head screws M8 X 30mm + hex nuts 
MH006	Button head screws M6x100mm + washers 
MH007	Flat head screws M6x16mm 
MH008	Flat head screws M6x20mm 
MH009	Flat head screws M6x25mm 
MH011	Button head screws M6x55mm + washers 

CODE	DESCRIPTION
MHW016	Flat head screws M6x30mm 
MHW025	Self-tapping screw M5x25mm Washer Ø6,4xØ12x1,6 
MHW030	Plate adaptor 
MHW032	Washers Ø8 X Ø16 X 1.4mm 
MHW033	White lithium grease 

Moses Hydrofoil designs, develops and produces high quality carbon fiber hydrofoils for kitesurf since 2009. All of our products are completely made in Italy.

Everything started from our passion for kitesurf. That is the key of our success: we never want to stop riding. Hydrofoils are the solution that allows to ride with extremely low wind without any loss of fun. Our experience leads us to produce a complete selection of hydrofoil: from the beginners to the top racers. Every foil is created with extreme care in order to have the best performance.
